## Bookings essential!

**Terms & Conditions** All tour prices include \$5.50 (EMC) Government Environment Management Charge: to ensure the continued enjoyment of the reef environment for future generations. \*Conditions apply. For the protection of our reef environment take nothing but pictures and memories and leave only bubbles behind. Also be careful not to kick or stand on the coral structures, or feed the marine fish and bird life as this can upset the eco system. H2O SPORTZ has the right to cancel a trip if minimum numbers are not met. H2O SPORTZ reserves the right to vary pricing, departure times, itineraries and vessels as may be required from time to time due to tides, weather or unforeseen circumstances. Prices may increase without notice. **Cancellations** Full day trips by 5.30pm previous day. Half day trips 3 hours before departure time. 100% tariff applicable.

To play your part in environment conservation, if you don't wish to keep this brochure as a souvenir, please don't throw it away, pass it on to someone who you think may enjoy our tours or return it back to the brochure stand. Many thanks.

**The Islands of The Great Barrier Reef**  
 Around most of the Whitsunday Islands, you'll find well developed fringing reef. The shallow water found in the protected bays promotes a highly diverse variety of coral communities and provides excellent snorkelling and diving conditions. You can explore these locations on one of our Half-Day or Full-Day trips.

**The Snorkelling and Diving Conditions**  
 Water temperature varies from 21-28°C, offering comfortable diving. Average visibility ranges from 5-15 metres, depending on the tide, location and weather. The visibility is generally better at Bait Reef.
