

Are you for Scuba?

LEARNING TO SCUBA DIVE IS SAFE, EASY AND FUN.
LET US MAKE YOUR HOLIDAY SO MUCH MORE EXCITING!

SHALLOW WATER INTRODUCTORY DIVES
for absolute beginners

Discover Scuba Diving

Is the ideal safe introduction to scuba diving, and is completed in just one day on your trip to the Great Barrier Reef. Your adventure begins with an introduction to scuba talk, then a pool session in the shallow water of the Reefworld Moonpool.

In waist deep water you will learn the basic skills and knowledge required for your first scuba dive.

You are now ready for an escorted scuba dive at the Great Barrier Reef, where you will get up close to this amazing underwater world. Your instructor will accompany you in small groups for your 30 minute dive. In depths between 3-10 metres you will experience the magic of the Great Barrier Reef, and see hand fed tropical fish, turtles, gropers and much more. This experience will be one of the best days of your holiday.

To help your instructors better look after your health and safety, you will be required to fill in a medical questionnaire; they will also ask you some questions about your level of fitness and comfort.

Everyone is welcome to listen to the FREE introduction to scuba talk, then you can decide 'Are you for scuba?'. Or you can register with the dive crew on the lower deck of the vessel.

If you have always wanted to try...

scuba diving but have never had the time? It only takes one day, and your family can join you to snorkel or coral view. Choose your boat trip and dive in!

The Diving

The waters of the Great Barrier Reef Marine Park offer some of the best diving in the world. There are a variety of locations suitable for the absolute beginner snorkeller and diver, through to the advanced diver.

Depth ranges from 6-30 metres and the terrain varies from shallow coral gardens to vertical walls. Sea life is plentiful with tropical fish, turtles and moray eel common sights. Visibility ranges from 3-10 metres directly around the Whitsunday Islands and 10-30 metres around the Outer Reef, with water temperature a very pleasant 21° to 28°.

PADI Openwater Certification.....\$650

The PADI Openwater certification program is your passport to an exciting new world. The course will teach you the skills to safely and comfortably explore the underwater world. The course can be completed over 4 days and consists of 5 dives and academic sessions (*which can be completed on-line). Diving skills are introduced in the swimming pool, where you will gain confidence in using scuba equipment. After your pool training you will be ready for your open water training dives, which are completed over two days on one of our boat trips.

Day 1 ACADEMIC & POOL TRAINING

Meet your instructor at Dive HQ and begin your dive adventure in our purpose built 4m deep dive pool.

Day 2 ACADEMIC & POOL TRAINING

Continue pool training in preparation for ocean dives. *E-learning students join group.

Day 3 OCEAN DIVES 1 & 2

Two dives conducted at the Great Barrier Reef with your instructor, where you will develop your skills learned in the pool sessions.

Day 4 OCEAN DIVES 3 & 4 + 1 CERTIFIED DRIFT DIVE

Two more dives conducted at the Great Barrier Reef with your instructor, where you continue to practice your diving skills, as well as a certified drift dive. Congratulations you are now a certified PADI Openwater Diver.
