Reef Spirit
20 metre luxury monohull

Snorkelling & Diving Locations

Water temperatures vary from 21-26° celsius offering warm, comfortable diving. Average visibility ranges from 5-15 metres, depending on tide, location and weather.

The 74 Whitsunday Islands

Around most of the Whitsunday Islands you'll find a well-developed fringing reef. The shallow water found in these areas promote a highly diverse variety of coral communities and provide excellent snorkelling and diving conditions.

Whitehaven Beach & Hill Inlet

Rated amongst the top 10 beaches in the world, Whitehaven Beach stretches for more than 7 kilometres. Experience glistening white silica sands that squeak beneath your toes or swim in the turquoise waters.

Hill Inlet lookout provides unsurpassed views of the shifting white sands below and the lush tropical landscape of Whitsunday Island.
